2.

Cloud Storage
Practice Quiz, 3 questions

True or false? Cloud Storage is well suited to providing the root file system of a Linux virtual machine. **3/3 points (100%)**

◯ True

◉ False

▲

Correct

That's correct! Cloud Storage is object storage rather than file storage. Compute Engine virtual machines use Persistent Disk storage to contain their file systems.

point

3.

Why would a customer consider the Coldline storage class?

◯ To improve security.

◯ To save money on storing frequently accessed data.

◯ To use the Coldline Storage API.

◉ To save money on storing infrequently accessed data.

▲

Correct

That's correct! Data stored in Coldline is billed at a low monthly storage rate, although a fee is assessed on retrievals.
